

BENOVIA. WINERY

We are so appreciative of all the thoughts, prayers and support we received during the North Bay fires. We are grateful that Benovia Winery and its vineyards are safe and undamaged. Fortunately, we harvested the last of our 2017 vintage before the fires began.

The fires remind us of what is important, and we are blessed that the Benovia team and their families are safe. At the same time, we're heartbroken that our community has suffered, including four members of our team, who lost their homes. For the near future, they and their families are securely housed in our vineyard cottages while they start the process of putting their lives back together. As a result, the cottages will not be available to members during this time.

Many of you have asked what you can do to help with the recovery effort. We hope you'll consider supporting the [Sonoma County Grape Growers Foundation](#) in whatever way you can. Benovia Winery will match up to \$100,000 of the total donations given by Benovians to this foundation's Wildfire Relief Fund, so be sure to reference Benovia Winery when making your donation.

Another way to help Benovia and our neighboring wineries is to enjoy wines from Northern California while dining and purchase Northern California wines if you plan to shop online.

Santa Rosa is truly an amazing community, and we are fortunate to be a part of it. We are confident that with your continued support our community will rebuild and come back stronger than ever.

With heartfelt appreciation,

Mary, Joe and Mike
Benovia Winery
